Sadia Batool | RCM Consultant

You Care for Patients.

We Care for Your Revenue.

End-to-end revenue cycle management for U.S. healthcare providers, from the first eligibility check to final payment follow-up.

Common Revenue Challenges	How We Help
Denied claims	Denial analysis and appeals
Unpaid balances	Aged AR follow-up and recovery
Payment delays	Payer follow-up and reconciliation
Billing backlogs	Claim and workflow management

15+ YEARS OF U.S. REVENUE CYCLE EXPERIENCE

Professional and institutional billing | Operational oversight | Payer workflows

Services That Support Your Entire Revenue Cycle

- **Front-End Controls**
  Eligibility, benefits and authorizations
- **Claims Management**
  Coding review, submission and corrections
- **Revenue Recovery**
  Denials, appeals, AR and underpayments
- **Financial Visibility**
  Payment posting, reconciliation and reports

What this means for your practice

Less administrative burden, more consistent billing follow-up, and clearer visibility into unpaid claims and reimbursement issues.

Discuss Your Practice's Billing Challenges

One Partner. Your Complete Revenue Cycle.

A structured billing partner to support your practice from payer enrollment through claim resolution, payment posting and performance reporting.

THE END-TO-END RCM WORKFLOW

01 Eligibility & Benefits
Verify coverage and patient responsibility

02 Prior Authorizations
Track payer approvals where required

03 Coding & Charge Review
Check documentation and claim accuracy

04 Claims Submission
Submit and correct payer claims

05 Payment Posting
Post ERAs/EOBs and reconcile payments

06 Denials & Appeals
Investigate rejections and appeal denials

07 AR & Underpayments
Follow up on balances and payment variance

08 Performance Reporting
Monitor trends, aging and collections

Credentialing & Payer Enrollment

Enrollment, revalidation and payer contracting support to help practices maintain participation and address enrollment-related payment obstacles.

Experience Across Healthcare Settings

Primary Care | Behavioral Health | FQHC / RHC | Surgery Centers

Home Health | Urgent Care | Other Physician and Facility Services

Professional and institutional billing expertise

Claims, payer-specific workflows, denial resolution, operational QA and revenue cycle performance monitoring tailored to the practice setting.
